**Re: Lightweight Concrete Solutions LLC - Recommendation Letter**

To Whom It May Concern:

It gives me great pleasure to recommend Victor Perez and Lightweight Concrete Solutions LLC (LCS) for any lightweight insulating concrete and metal deck project. LCS provided a metal deck and a new lightweight insulating concrete roof deck for our Five Guys Burgers project in Merritt Island, FL.

I believe you will find LCS to be responsive, thorough and competitive in pricing. LCS's expert advice assisted us in the most cost effective solutions for our project. Please feel free to contact me should you have any questions or need further information regarding LCS.

Sincerely,
